Local Calling

To Call Another Party On Your Line

Notice To All Customers

When you call telephone numbers that are **NOT** on your party line, dial the number as it appears in your directory.

If you are on a party line and continue to receive a busy signal when calling a telephone number, it is possible the number is a party on your line. This may be verified by calling the telephone company service center.

Efficient party line service depends upon the consideration and courtesy which each customer gives to the other parties on the line. Everyone will receive better service if each customer on the line will observe these rules of courtesy:

1. Be as brief as possible.
2. Space your calls so the other parties can place calls.
3. Relinquish the line to others needing to make emergency calls.

To Call A Party On Your Line

Use a special code number previously assigned

1. Lift the receiver and listen for the Dial Tone indicating the line is clear.
2. Dial the SPECIAL CODE NUMBER, for the party you are calling.

Centerville 33

Coal Hill/Hartman.........Dial number & wait for recording, then hang up

Salus ....Dial number & wait for recording, then hang up

3. Hang up your receiver. Your telephone and the called telephone will start to ring.
4. Allow sufficient time for the called party to answer. Your telephone will stop ringing when the called party answers. Remove your receiver and begin the conversation.
5. If the called party does not answer within a reasonable length of time, remove your receiver and replace it after a few moments. This will break the connection.

Use Of Party Lines

Continuous use of a party line by any station on the line should be limited to five minutes, whether the party using the station made the call or was called.

Customers shall not use, or permit to be used, profane, obscene or abusive language over the telephone lines. Nor shall they impersonate another person with fraudulent intent or use the telephone lines for any unlawful purpose.

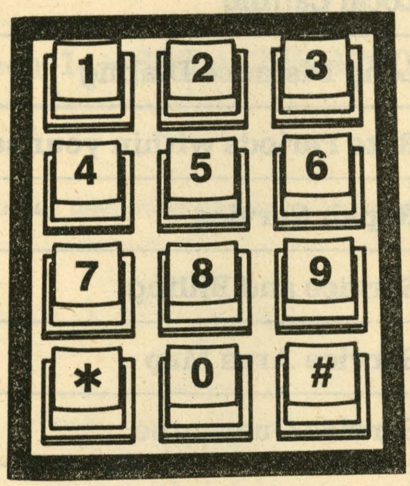
Long Distance Calling From A Party Line

When you call long distance from a party line, an operator will come on the line and ask you the number of the phone from which you are calling.

Warning State Laws

The laws of the State of Arkansas provide that any person who shall willfully refuse to immediately relinquish a party line when informed that such line is needed for an emergency call to a fire department or law enforcement officer or for medical aid or ambulance service, or any person who shall secure the use of a party line by falsely stating that such line is needed for an emergency call, shall be guilty of a misdemeanor punishable by fine or imprisonment.

The law defines an "emergency" as a situation in which property or human life is in jeopardy and the prompt summoning of aid is essential.



Area Codes & Time Zones

Area Codes And Time Zones

Arkansas Area Codes

Each area has a three-digit Area Code. The Area Code for this directory is indicated on the front cover and on your telephone.

The Area Code of the telephone you are calling should be dialed, or given to the operator, if it is different from the Area Code of the telephone you are using. It should not be used if both Area Codes are the same.

When you give someone your telephone number, include your Area Code—it might be needed to place a call to you.

Consult Area Code list on the following pages for specific cities not indicated on these maps.

If you want the Area Code for a place not listed, dial the operator.

Service Areas

Contel provides local calling services, within a Service Area, also called a LATA (Local Access Transport Area). The area shown on the map above indicates your Service Area.

Long distance calling to points within and outside your Service Area is provided by long distance companies, not Contel. For names of those companies that provide long distance service outside your Service Area and which have identified themselves to us at the time of the publication of this directory, please consult the Yellow Pages. We are unable to provide rates between Service Areas because they are established by the company providing the service, and are subject to change.

Direct Distance Dialing

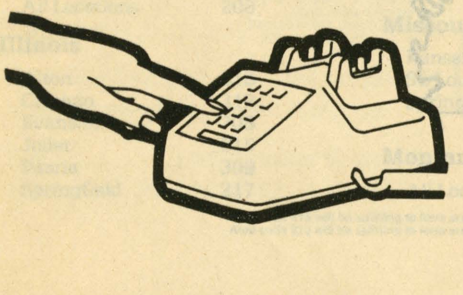
Direct dial if you wish to talk with anyone who answers. Rates for calls that you dial yourself are lower than for calls dialed by the operator. Charging begins when the called telephone is answered in person or by an automatic answering machine.

- To call within your area code ....**dial 1 + Telephone Number**
- To call outside your area code ....**dial 1 + Area Code + Telephone Number**

Long Distance Directory Assistance

- For local numbers.....**dial 1 + 411***
- For numbers within your home area code ....**dial 1 + 555-1212***
- For numbers outside your home area code ....**dial 1 + Area Code + 555-1212***
- For the telephone numbers of businesses and people who have "800" numbers ....**dial 1 + 800 + 555-1212**

*There may be a charge for these calls.



Directory Assistance Charges

In some states you may be charged for calls to local directory assistance. You can avoid directory assistance charges by looking up numbers in the telephone directory and by jotting down frequently called numbers. On those occasions when you do have to call directory assistance, provide the operator with complete information: full names, accurate spelling and exact addresses.

Blind and physically disabled persons may apply for an exemption from directory assistance charges.

When you find it necessary to call long distance directory assistance you will be charged.

To help you avoid directory assistance charges, Contel furnishes one local telephone directory for each telephone line. Additional directories can be obtained from your service office.

Tips To Help You Save On Charges To Directory Assistance

1. The Yellow Page listings of restaurants, theaters, department stores, government agencies, and other frequently used services can help you locate numbers when you are unsure of the name, location or spelling of a specific service or business establishment.

2. If you need two numbers, request them both at the same time, and save a second call to Directory Assistance.

Arkansas Rate Discount And Application Periods

Within your Contel service area, direct dial rates vary depending on what time of day you make your call.

Check with the long distance company you use to dial outside your service area to get its discount rates and holidays.

Operator Assisted Dialing

Collect or Person-to-Person calls, calls charged to another number or to a Calling Card, calls placed from coin phones or from hotel guest phones, or calls for which Time and Charges are requested are Operator Assisted calls. Higher rates apply to station calls dialed by the operator, Collect calls, Person calls, calls billed to a Calling Card or to another number.

Person-to-Person, Collect, Calling Card, Third Number Billed and Time and Charges:

- To call within your area code
  ....**dial 0 + Telephone Number**
- To call outside your area code
  ....**dial 0 + Area Code + Telephone Number**

Calling Card Service:

- From Touch Calling phones
  ......**touch 0 + Telephone Number**
  (wait for tone or tone and announcement)
  ....**+ Calling Card Number**
  (may not be available in all areas)
- From Dial phones
  ....**dial 0 + Telephone Number**
  (give Operator your Calling Card number)

Toll Free Calls

You can call **free** to telephone numbers which are preceded by Zenith, Enterprise or area code "800." Dial the operator and ask for the Zenith or Enterprise number. Dial "800" numbers direct. A separate Centralized Information Center is maintained for the "800" area code numbers and may be reached by dialing as you would to any other Distant Information Center: dial 1, then the area code "800," followed by 555-1212.

Person-To-Person Calls

Place the call with the operator if you wish to talk to a particular person or extension. Charging starts when the conversation begins with the extension phone, the person called or anyone else agreed upon. Rates are highest for Operator Assisted Person-to-Person calls.

Conference Calls

You can talk with several people in different places at the same time. Tell the operator you wish to make a "conference" call. A special charge will be made for this type of call.

Collect, Calling Card And Calls Charged To Another Number

Call Collect if the person or firm you are calling agrees to pay the charge. You can also bill calls to your Calling Card or to another number. Place these calls with the operator. Operator Assisted rates apply.

Mobile—Air–Land–Marine Calls

You can make calls to autos, trucks, trains, aircraft or boats equipped for telephone service. Dial the operator and ask for the Mobile Service Operator or the Marine Operator unless you've been instructed otherwise.

Overseas Calls

Calls to most of the world's telephones can be made from your phone. Dial the operator and give the name of the country you wish to call. Rates and reduced rate periods on calls to other countries differ from those on calls to U.S. points.

The Mt. Magazine Trail System connects Cove Lake with the top of Mt. Magazine where the trail goes through Cameron Bluff Campground, atop Signal Hill, the highest point in Arkansas, and then eastward across Mossback Ridge to the Greenfield and East End Picnic Area. Another portion of the trail follows the shoreline of Cove Lake with a scenic loop leading to a vista overlooking the lake.

The trail is generally 8 percent or less in grade with some short stretches of steeper grades plus a longer steeper grade as the trail leaves the bluff line of Mt. Magazine.

To preserve the scenic beauty of the area please stay on the trail and practice the PACK IT IN-PACK IT OUT concept.

AIR DUCT CLEANING SERVICE

Major Reasons to Clean your Air Ducts

SAFETY
Bacteria, viruses, fungi, dust mites and decaying organic matter are sent airborne throughout your home from their hiding places in your air ducts.

EFFICIENCY
Accumulated debris can restrict the air flow in your air ducts, making your system work harder to heat and cool your home.

CLEANLINESS
When we power vacuum the average Air Duct System it is not unusual for us to remove 14 to 17 pounds of dust, dirt and debris. This is what is circulating throughout your home every time your system turns on.

HEALTH
Air duct systems are home to many substances that can aggravate allergies. Mold and mildew find easy living in the dark, moist interior of your Air Duct System.

Contel Classic Yellow Pages

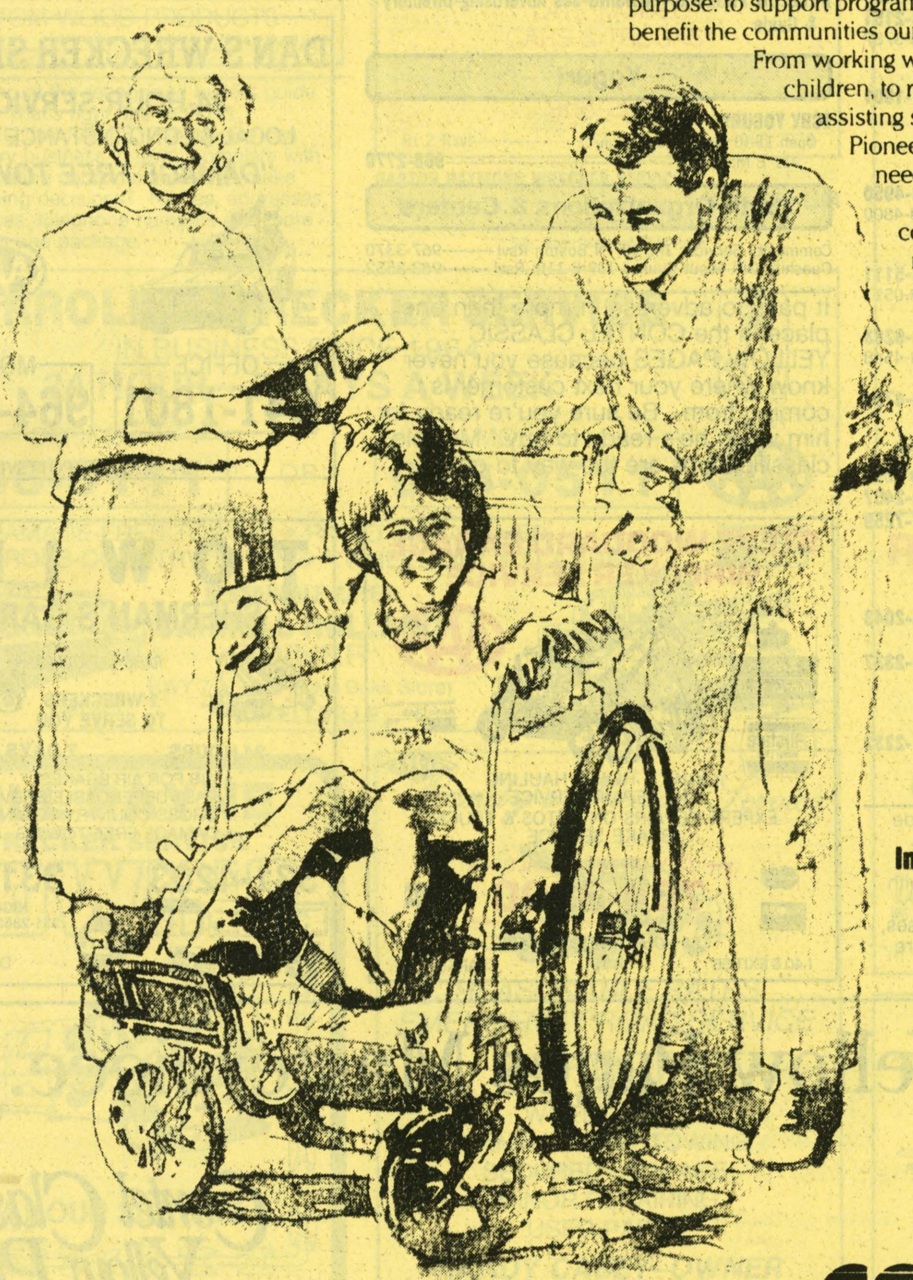
Miracles happen when people care.

A child, once confined to a wheelchair, gains newfound freedom. A widowed senior adult, once alone, finds a needed friend. A hospital, once desperate for funds, completes a financial recovery.

Such miracles can happen, and they do, thanks in part to the members of The Independent Telephone Pioneer Association (ITPA).

Founded in 1920, the ITPA recognizes those with 15 years or more in the independent telephone or a related industry. Their common purpose: to support programs and activities that benefit the communities our members live in.



From working with handicapped children, to raising money, to assisting senior adults, ITPA Pioneers respond where needed.

Your telephone company is a proud member of ITPA, and prouder still of those in our company who make up the volunteers in local clubs and state chapters. In reality, we are not miracle workers. Just people who care enough to make miracles possible.

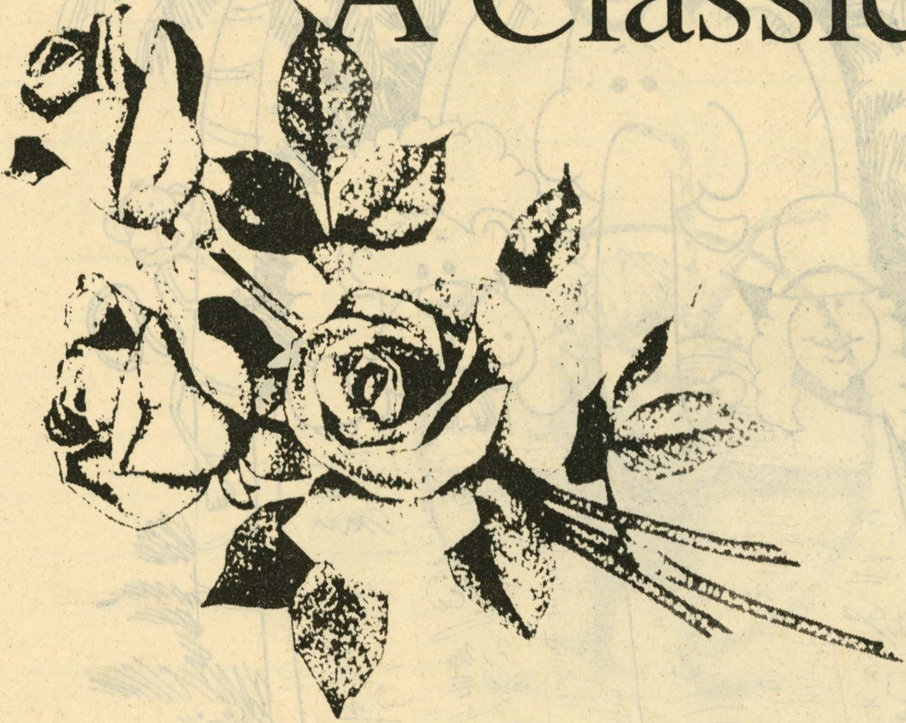
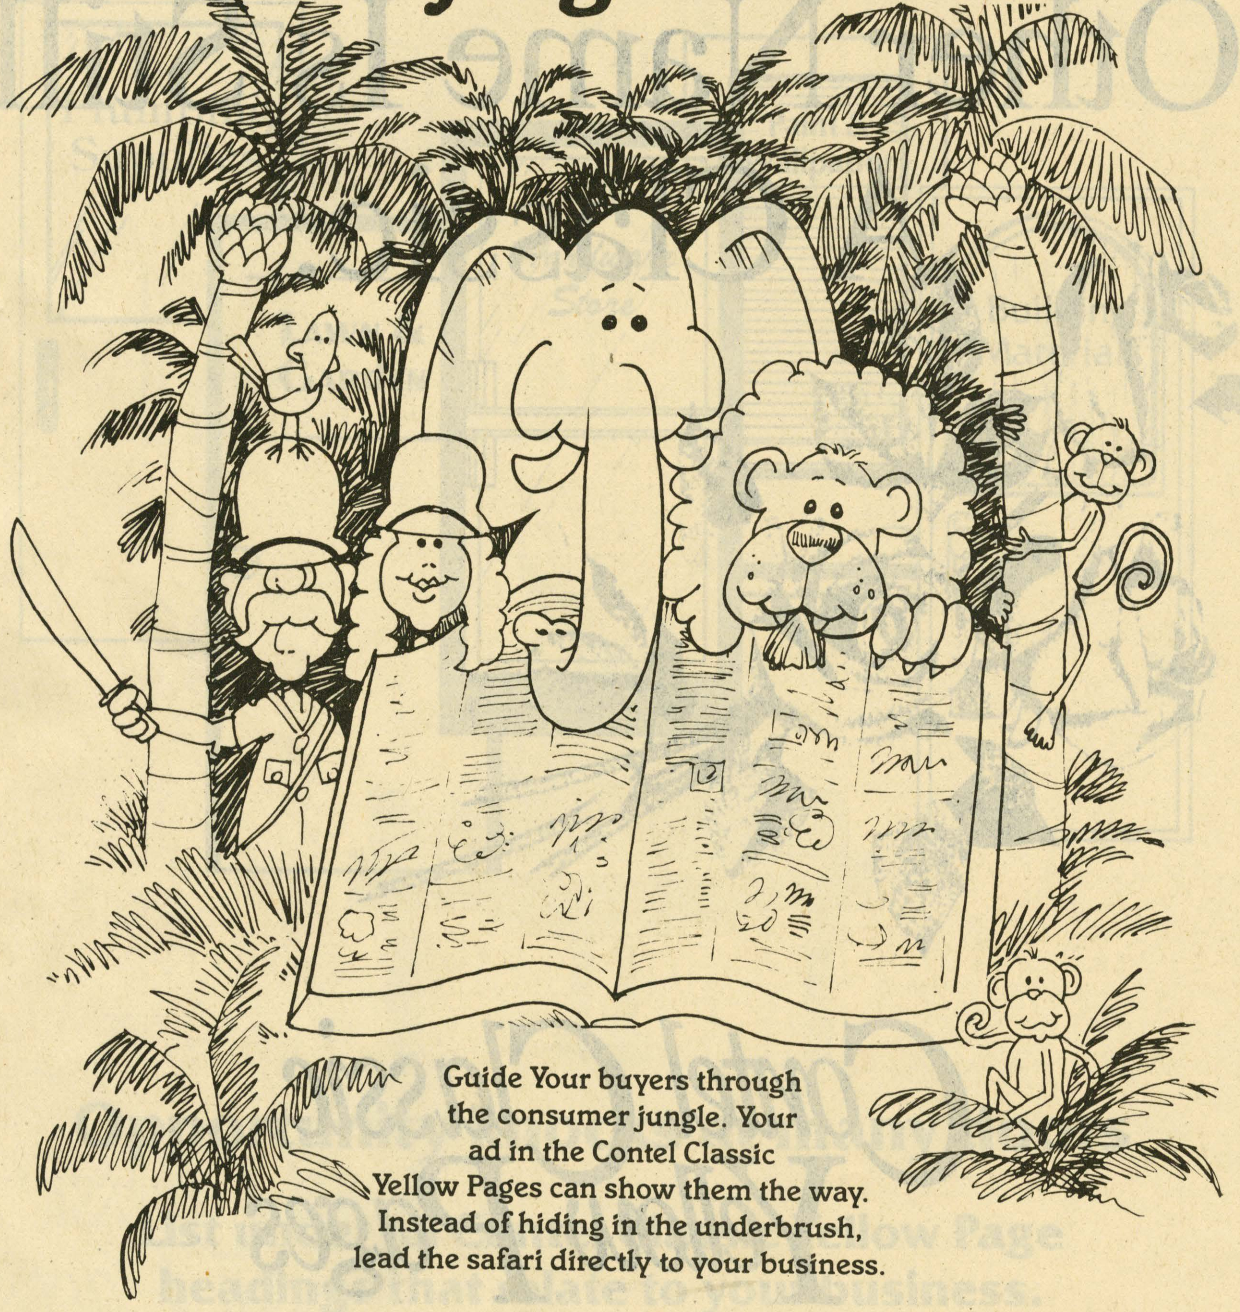
A Classic By Any Other Name Is Still A Classic.



It's a jungle out there!



Guide Your buyers through
the consumer jungle. Your
ad in the Contel Classic
Yellow Pages can show them the way.
Instead of hiding in the underbrush,
lead the safari directly to your business.
